Gauge – Blue 1.25mm or Red 1.15mm</p>	<p><b>£23</b></p>
 <b>TECNIFIBRE</b>		<p><b>Tecnifibre 305 Green</b>                      Maximum of 1540 filaments + polyurethane</p> <p><b>Tecnifibre 305+ Black 1.20</b>                      Elastyl fibre which is 12% more powerful than standard polyamide</p>	<p><b>£24</b></p> <p><b>£25</b></p>
 <b>ASHAWAY</b> <b>RACKET STRINGS</b>  <b>SuperNick™ XL Titanium</b> <small>For better performance using with Titanium technology</small>		<p>Nylon Multifilament construction for gut-like performance. Textured surface for optimum ball control. Excellent resiliency in all rackets. Titanium additive in nylon resin wear layer. Excellent combination of playability and durability.                      Gauge - 1.25mm.</p>	<p><b>£21</b></p>
 <b>ASHAWAY</b> <b>RACKET STRINGS</b>  <b>SuperNick™ XL Pro</b> <small>Textured surface for control – a realistic double string</small>  <b>SuperNick™ XL</b> <small>Textured surface for control – an extremely realistic string</small>		<p>Nylon Multifilament construction for gut-like performance. Textured surface for optimum ball control. Excellent resiliency in all rackets. Softer playability. Players looking for improved feel and control of the ball.                      Gauge - 1.25mm.</p>	<p><b>£20</b></p>
 <b>Wilson</b>		<p><b>Wilson NXT Squash</b>                      Gut like playability provides maximum feel                      As used by many top players</p> <p><b>Wilson Helix</b>                      Very durable, high energy string with enhanced feel and great bite</p>	<p><b>£23</b></p> <p><b>£21</b></p>
 <b>TITAN</b>		<p>Titan Dura Fibre                      High modulus multifilament impregnated into specially formulated elastomer resin and then twisted together to mimic natural gut.                      Texture - Soft                      Gauge - 1.30 (Squash) 1.35 (Tennis)</p>	<p><b>£18</b></p>
 <b>TITAN</b>		<p>TITAN PowerWrap 1.20mm. The roughness of the jacket offering extra bite during play and the thin gauge providing improved power. Available in 3 distinct colours - orange, yellow and white. Construction: Multifilament core with double braided multifilament jacket, finished with the black outer wrap.</p>	<p><b>£16</b></p>
 <b>TITAN</b>		<p>TITAN Response 1.20mm squash string is our roughest string offering maximum "bite" during play. The thin gauge and multifilament core create a consistent, powerful elasticity in the string bed. The TITAN anti-abrasive coating provides improved durability.                      Gauge – 1.20mm</p>	<p><b>£16</b></p>
 <b>TECNIFIBRE</b>		<p><b>Tecnifibre X-One Biphase 18 Red</b>                      Multifilament Technology, Elastyl fibre/Trimerized PU &amp; H2C fibres. More power due to Elastyl fibre. Better cohesion, holds tension better. Biphase process increases durability by 20%. Plays like natural gut.</p>	<p><b>£26</b></p>
 <b>TITAN</b>		<p>Titan TI-68X available in Neon Yellow or White                      A newly developed micro gauge string of 0.68 mm offering great power and control. With its Titanium Hybrid coating wrapped round a tried and tested multifilament core                      Gauge - 0.68mm (Badminton) Texture - Rough</p>	<p><b>£18</b></p>
 <b>YONEX</b>		<p>Yonex BG65 – Badminton                      Multifilament, Popular all round string, thinner gauge for extra feel, ideal for control players.                      Gauge- 0.70mm gauge / soft texture</p>	<p><b>£18</b></p>
